WORK EXPERIENCE

Coders Bake **Ghaziabad (UP)**
Founder *Mar 2022 - Apr 2023*

- Founded and established a multimedia startup sharing tech and programming knowledge via newsletters, podcasts, and social media.
- Orchestrated online quiz events and built a dedicated community of tech enthusiasts.
- Strategically leveraged various platforms to disseminate valuable information, reaching a wide and engaged audience.

BuildMyBody **Ghaziabad (UP)**
Web Developer *Jul 2023 - Oct 2023*

- Developed a dynamic e-commerce website using Shopify and React.js, enhancing user experience and functionality.
- Customized the platform to meet client's branding and business needs, resulting in a visually appealing and high-performing online store.
- Implemented responsive design and optimized site performance to ensure a seamless shopping experience for customers.

Ambimed **Ghaziabad (UP)**
Web Developer *Nov 2022 - Jul 2023*

- Designed and developed a real-time ambulance tracking web app, integrating React.js, Google Maps API, Firebase, and other technologies for efficient emergency response.
- Integrated geofencing capabilities to establish designated service areas, optimizing ambulance

allocation and response times, and ensuring efficient coverage of high-demand zones.

- Enhanced data security and scalability, ensuring reliable performance during critical situations.

Gifto Locks **Aligarh (UP)**
Web Developer *Jan 2021 - Mar 2023*

- Designed and built an efficient online invoicing platform, simplifying the invoice creation process.
- Incorporated user-friendly features for easy customization and generation of professional invoices.
- Ensured data security and storage for quick access to billing records.

PROJECT EXPERIENCE

The Virtual Emporium (Amazon Clone)

- Independently designed and developed an e-commerce website from scratch.
- Implemented key features such as product listings, shopping cart, and secure payment processing.
- Leveraged web development skills to create a user-friendly and responsive online shopping platform.

Music (Spotify Clone)

- Completed online courses and tutorials in Android development.
- Demonstrated problem-solving skills in debugging and troubleshooting app issues.
- Collaborated with peers on small-scale Android projects to gain practical experience.

Smart Internz & Google **Remote**

Android Dev. Intern *Aug 2022 - Oct 2022*

- Completed online courses and tutorials in Android development.
- Demonstrated problem-solving skills in debugging and troubleshooting app issues.
- Collaborated with peers on small-scale Android projects to gain practical experience.

Snapchat Opinion Leader by Under25

Remote

Lens Creator

Sep 2022 - Dec 2022

- Designed and created basic Snapchat Lenses to explore AR development concepts.
- Gained familiarity with Lens Studio software and its features.
- Enthusiastic and creative learner eager to expand skills in Snapchat Lens creation.

LEADERSHIP EXPERIENCE

Newton School Coding Club

Ghaziabad (UP)

President
